**THINK ABOUT THIS**

**WEEK 1:** When we experience the bigness of creation, we experience the power and wonder of God. Stand by the ocean, look at the stars, or look at the people around you to see a little bit of God's creation.

**WEEK 2:** It's normal to be nervous when praying out loud for the first time. We're all worried that we may not know what to say or how to say it. But remember this: There's no right or wrong way to pray!

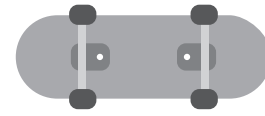

**WEEK 3:** Questions and doubts are normal. When you see your kids experiencing either, don't worry. This is an exciting sign that they're beginning to develop a faith of their own.

**WEEK 4:** It's easy to miss things if we aren't looking for them. This is especially true when it comes to creation. Keep your eyes open so you don't miss the fingerprints of God in the world around you.

**REMEMBER THIS**

*The Lord is close to all who call on him, yes, to all who call on him in truth.*

PSALM 145:18 NIV

**DO THIS**

**MORNING TIME**

Practice what your kids learned about prayer together this week. Thank God for what's good, tell Him what's wrong, think out loud, and trust Him.

**DRIVE TIME**

Go somewhere new together this week. If you live in the city, get out to the country. If you live in the country, find a cool place to visit in the city. No matter where you go, try to look for God in your new surroundings.

**MEAL TIME**

Make time at a meal this week to intentionally talk about the way you each saw God that day. Whether it was in creation, in other people, or in interactions you had, help your kids see that they can see God in a number of ways.

**BED TIME**

Your kids definitely have questions about God (who doesn't?). Let your kids know that it's okay to ask questions by sharing with them one thing you've always wanted to know about God.
